BIG DEALS FOR OUR LITTLE ONES!

**FREE EDUCATION FOR 3-4 YEAR OLDS
FIRST 15 HOURS FREE WITH NO
MINIMUM REQUIREMENT!**

We provide a rich learning environment with a combination of teacher led and child initiated activities. Children are observed and regularly assessed on the progress they are making so that learning steps can be set. All activities encourage development in the six areas of learning.

We are an Early Years centre, participating in the Bristol Standard. This includes the class taking part in 'Forest School' on a weekly basis all year round.

Other learning activities include natural science through pond dipping, keeping a wormery, an ant farm, and the school garden.

Make sure you book your FREE place today and we are happy to answer any of your questions!
